**Ohio Section Spring Meeting****April 30 - May 1, 1999****Kettering University****Flint, Michigan****Meeting ID: OSS99****"Industrial and Applied Physics"****Speakers**

- Dr. Susanne Arney, Lucent Technologies; "Microelectromechanical Systems (MEMS)."
- Dr. George Mozurkewich, Ford Research Laboratory; "Thermoacoustics: Interaction Between Heat and Sound."
- Dr. George Mather, Intelligent Quality Systems; "Optics for Processes, Products, and Metrology."
- Dr. Elizabeth Holm, Sandia National Laboratories; "Materials Simulation and the Workplace."

**Special Events**

The Ohio Section Executive Committee will meet at 9:30 am, Friday, April 30, 1999.

A banquet will be held Friday evening in the Kettering University Campus Center.

The after-dinner invited speaker will be Dr. Leonard Brillson, The Ohio State University, who will speak on "Changing Roles of Researchers in Industry."

**Abstract Submission**

Contributed abstracts are invited for parallel sessions on Saturday morning, May 1, and for a poster session on Friday afternoon, April 30. Abstracts on applied or industrial physics are particularly welcome. The abstract deadline is Thursday, April 1, and there is a \$40 fee for abstract publication. (The abstract fee is not required to contribute a paper.) For further information on submitting an abstract, please visit the APS webpage at <http://www.aps.org/meet/index.html>
